The Company was organized in 1848, under the general law authorizing the formation of Gas Light Companies. The works were completed and Gas supplied to the city in November of the same year.

The works are situated on the spacious lot on the North side of Genesee street, between Jackson and Fourth streets, and occupy about two thirds of the block between said streets and the Wilkeson slip.

In the construction of the works, all the modern improvements are embraced, and they are believed to be unsurpassed by any other similar work in the State, in capacity and economy of working.

The large improvements and extensions of 1852 were made with reference to supplying the entire city with Gas, and the future extensions of Pipe to accomplish this object can be made at a comparatively small expense. The quantity now laid is about thirty-six miles, and the Gasometers are of sufficient capacity to supply this city with a daily consumption of 350,000 cubic feet. The price of Gas was originally fixed at $3,50 per thousand feet, but was reduced in 1851 to $3,00 net, when promptly paid, which is the price now charged. It is believed to be as low if not lower than Gas is furnished by any private company in the United States.

The new territory refers to the township of Black Rock, which was added to our city in 1853, and which increased its area nearly 24,000 acres.

Our commercial facilities have, for two or three years past, increased at an astonishing rate. The widening and deepening of the main channel of Buffalo Creek; the construction of the ship canal between the creek and the lake, and running parallel to both for nearly two miles, with a convenient and safe

entrance in all weathers; the numerous cross-slips, and the Erie and Ohio Basins, have added over one hundred acres to the extent of our facilities. The Erie Basin will be completed this season, and will afford safe anchorage for a very large number of vessels. Steam tugs, recently introduced, greatly facilitate the arrival and departure of vessels, by towing them from one point to another. Below is a list of the Elevators on Buffalo Creek, and their capacity for storing grain and elevating per hour:

	CAPACITY.	PER HOUR.
Brown's Elevator,	350,000 bush.	2,500 bush.
Hatch's,	200,000 "	2,500 "

OILS, OILS, OILS,

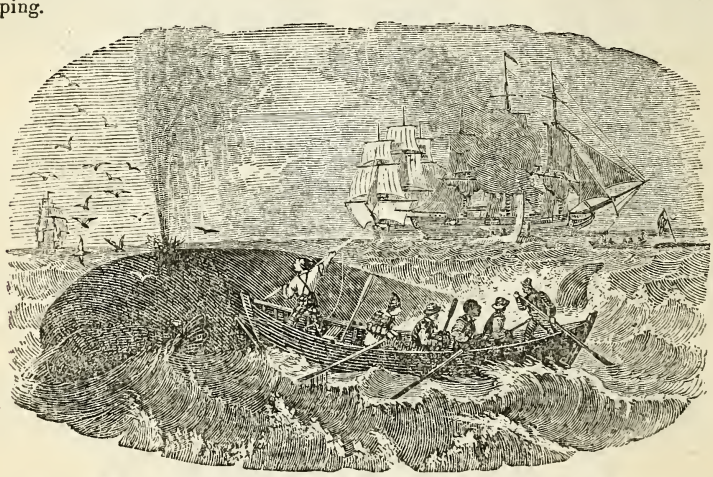
No. 61 MAIN STREET.

The attention of dealers and consumers is called to the following list of

PURE, FRESH AND SUPERIOR OILS,

Which I am Manufacturing, and offering at the Lowest Market Rates:

Sperm Oil, Winter and Spring; Elephant Oil, refined and bleached; Whale Oil, Winter and Spring, refined; Lard Oil, Winter, strained, and Spring; Lard Oil, refined, for Druggists' use; Signal Light Oils, for Railroads and Steamers; Pure Olive and Rape Seed Oils; Tallow, Tanners', Acid, and Red Oils; Doping and Metallic Oils, for Axles and heavy Bearings; Linseed Oil, boiled and raw; Bright Varnish, Pitch, Tar, Lard and Stearine, packed for use or Shipping.



Pease's Improved

ENGINE AND SIGNAL OIL

For Railroads, Steamers and Propellers, and for every class of Machinery and for burning, is superior to Sperm or any other Oil whatever, and the only reliable lubricator that is a superior Burning Oil, that will keep bearings cool, and that will not gum.

PATENT SECURED.

Practical tests prove this Oil to be twenty-five per cent. more durable than Sperm Oil, for every class of machinery and for burning. Its merits are acknowledged in its long continued use on Railroads, Steamers and Propellers, in Machine Shops, Cotton and Woolen Factories, Saw, Grist, and Planing Mills, Printing Offices, &c., and in no case has it failed to meet the approval of the consumer. Engineers and Machinists pronounce it CHEAPER FOR BURNING, and MORE DURABLE FOR LUBRICATING, than Sperm or any other Oil whatever. The "Scientific American and Manufacturer's Journal," after testing this Oil, pronounces it superior to any other for lubricating. For sale only by the inventor, F. S. PEASE, Manufacturer and Wholesale Dealer in Oils, No. 61 Main St.

☞ Reliable orders filled for any part of the United States or Europe.

Master Machinist's Office, Michigan Southern Railroad.

F. S. PEASE, Buffalo.—In regard to the Oil manufactured by you, I am confident that you cannot recommend it too high, as it will stand ANY TEST that it can be put to. Our road has always, heretofore, used the best Sperm Oil. For the last six months I have used your Improved Machinery and Signal Light Oil, on the Locomotives of this Road, and it has given entire satisfaction I also used it on the B. and R. Division of the N. Y. Central Road, about six months, with equal satisfaction. I can cheerfully recommend your Oil, after a test of SEVERAL THOUSAND GALLONS, as the CHEAPEST and most DURABLE Oil for Railroad use that I am acquainted with, and practical experience proves that it is saving from ten to fifteen per cent. over Sperm or any other Oil, for lubricating or burning, and IT WILL NOT GUM. H. D. KENEDY, Master Mechanic M. S. R. R.

WEBSTER'S OIL STORE.

Corner of Washington and Quay Sts.

GEO. C. WEBSTER,

MANUFACTURER AND DEALER IN

MACHINERY AND BURNING OILS.

WEBSTER'S FOSSIL OIL.—A new compound, unsurpassed by anything known as a lubricator; absolutely free from all gumming property, and capable of resisting more cold than any other Oil in use, remaining limpid and flowing when Winter, Sperm, and Whale Oils are congealed and solid.

WEBSTER'S MACHINERY AND BURNING OIL.—An admirable and reliable preparation, of great durability, will not oxidize and form gum; decidedly superior to Sperm for Machinery, and not inferior for burning.

MACHINERY OIL of lower grades and prices; well adapted to coarser purposes, and to where it is liable to wasteful use.

WEBSTER'S IMPROVED AND REFINED BURNING OIL.—Fully equal to purest Sperm, both in volume of flame, and in illuminating power, and costing one-third less.

LARD OIL, for ordinary uses, equal to any made.

LARD OIL, filtered and bleached, for druggists and perfumers' use, transparent, colorless, and inodorous as water.

TESTIMONIALS OF THE PRESS.

Western Literary Messenger.—It is made up of original and selected articles, equally adapted to entertainment and instruction, and relying for its circulation on substantial merits rather than ostentatious pretensions. Mr. Clement's editorial care is always a safe pledge against everything of doubtful character and tendency, and his good taste a satisfactory assurance of positive merits.—*New York Recorder.*

It always contains a goodly array of literary, scientific, and miscellaneous articles, and is just the work every person should have. We would particularly recommend it as a family Magazine, always supplying a fund of useful, instructive and amusing reading.—*Planet, Chatham, C. W.*

Many eminent names in our literary galaxy of national talent are associated with this monthly. The editor is a scholar, and the impress of his really fine intellect is stamped upon his serial.—*Providence, R. I., Mirror.*

Western Literary Messenger.—We have ever held the Messenger in high estimation, regarding it superior to any literary magazine of its price. It is published by Thomas & Lathrops, Buffalo, and edited by J. Clement, Esq., who finds time not only to edit the Messenger, but also to do many a handsome *chore* for the *dailies*, to write poetry for the Magazines, correspond with various hebdomidals, and to canvass, for some legitimate object, at least once a year, nearly all the explored territory of the North-West.—*Mich. Christian Herald.*
